1812 THEATRE BAKERY GALLERY 2010

Last year we staged an exhibition at the above gallery with thirty prints this time we will have the gallery to our selves and will be able exhibit up to sixtly prints.

The prints will again be displayed in frames measuring 40x50 cm, the size of the print is not important so long as it fits within the frame. Many members will have frames from last year which can be reused, however as we will be displaying twice the number of prints, extra frames will be brought for resale to members. The frames last year cost between \$6 and \$7. Please bring to the next couple of meetings prints for selection. The idea is that we show prints from everyone. The exhibition will take place during the March/April theatre session. The committee would like to have the prints mounted and ready to be hung up by November to avoid a last minute rush. This is a great opportunity to have your photos viewed by the wider a community.
